

All-In-One Hanging Instructions

Beehive Hanger Instructions (Support Pins Included):

STEP 1:

Hold the frame up to the wall in the desired position and press against the top of the frame. Apply enough pressure so the small points on the front of the hangers mark your drywall.

TIP: For a more noticeable mark, GENTLY jiggle the frame corners while pressing. Be sure to exercise care not to scratch your wall.

STEP 2:

Insert the long end of the support pin into the wall and press into the spot where you made your mark. Be sure to insert at a downward angle so the rectangular plate is parallel to the wall as shown. Repeat for the second support pin.

TIP: Use a tool to press in the support pin as to avoid any injuries. (Hammer, pressing tools, handles of tools, etc)

STEP 3:

Hang your frame on the support pins. If adjustment is required, simply lift the frame from the pin(s) and reinsert into another hole in the hanger.

TIP: To ensure a straight hang, lay any level on top of the frame and slightly adjust until the level displays that it is level (i.e: Bubble is between center lines, phone level displays "0",
