

Window Painting Info Sheet

Pricing

My rate for window painting is \$50 per hour. Most projects range between \$100 - \$400. Rates can vary based on the size and complexity of the project.

The Process

Begin by calling, texting or emailing me to let me know you're interested.

Please send, via text or email, a photo of the windows you'd like painted so I can get a feel for what design might work best. If you have example photos of other windows you've seen or ideas you may have those are a GREAT HELP!

After we communicate and decide the details I'll put you on the schedule! My goal is to complete your windows in one day.

FAQ's

It will be the owner's responsibility to clean the windows afterwards.

The paint is basic acrylic paint that washes off easily with warm soap and water. A scraper might be handy for tough spots. I recommend you put down a tarp or plastic when removing the paint. It will roll into little blobs that can be messy if they fall to the ground.

The weather is no problem! The paint lasts for weeks and holds up well under rain and snow. I can always come back out for a touch-up if there's a problem.

In wintertime, I cannot paint below 32 degrees. The paint will gel and not apply well. During those time I may have to reschedule but will do so ASAP.

Payment is due upon completion. I accept cash, checks, PayPal or Venmo.

For more information, call, text or email any time!
